EMPLOYEE COMPANY POLICY HANDBOOK

Policy Edition 2026 • Internal Reference Document

This sample handbook is designed as a realistic document for Retrieval-Augmented Generation (RAG) experiments. It contains structured sections, detailed policy language, examples, rules, exceptions, and FAQs.

Document ID: NSD-HR-POL-2026-01

Owner: People Operations & Compliance

Classification: Internal Use

Table of Contents

1. Company Overview

Mission and Values • Organization and Responsibilities • Employment Categories • Policy Governance

2. Working Hours & Attendance

Standard Working Hours • Attendance Recording • Late Arrival and Early Departure • Overtime • Time-Zone Collaboration

3. Leave Policy

Annual Leave • Sick Leave • Family and Personal Leave • Public Holidays • Leave Approval Process

4. Work-from-Home Policy

Eligibility • Home Office Standards • Availability • Equipment • Remote Work Expenses

5. Code of Conduct

Professional Behavior • Respectful Workplace • Conflicts of Interest • Gifts and Hospitality • Anti-Harassment

6. Remote-Work Rules

Communication • Meetings • Work Location • Confidential Discussions • Business Continuity

7. Information Security

Security Responsibilities • Device Security • Access Control • Incident Reporting • Clean Desk and Clear Screen

8. Password Policy

Password Requirements • Multi-Factor Authentication • Password Managers • Credential Sharing • Account Recovery

9. Data Privacy

Personal Data • Collection and Use • Data Retention • Data Subject Requests • Privacy Incidents

10. Social Media Policy

Personal Accounts • Company Representation • Confidential Information • Brand and Reputation • Content Removal

11. Expense & Reimbursement

Eligible Expenses • Approval Requirements • Receipts • Travel Expenses • Submission Deadlines

12. Performance Reviews

Review Cycle • Goal Setting • Feedback • Performance Improvement • Documentation

13. Promotion Policy

Eligibility • Promotion Criteria • Career Development • Internal Applications • Promotion Decisions

14. Disciplinary Actions

Policy Violations • Investigation • Corrective Action • Appeals • Serious Misconduct

15. Resignation & Notice Period

Resignation Process • Notice Period • Handover • Final Settlement • Exit Interview

16. Frequently Asked Questions

Attendance FAQs • Leave FAQs • Remote Work FAQs • Security FAQs • HR FAQs

1. Company Overview

Northstar Digital Solutions Pvt. Ltd. provides software engineering, cloud services, analytics, and digital operations support. The company expects employees to act with integrity, protect customer information, collaborate across teams, and make decisions that support sustainable business outcomes.

1.1 Mission and Values

Mission and Values is governed by the principle that employees should use sound judgment, follow approved processes, and communicate early when circumstances may affect their responsibilities. Northstar Digital Solutions Pvt. Ltd. expects employees to maintain accurate records, protect company and customer interests, and cooperate with reasonable requests from their manager or People Operations. Managers are responsible for applying this guidance consistently within their teams. Where an exception is needed, the employee should obtain approval before taking action unless an emergency makes advance approval impractical. Decisions should consider business continuity, fairness, confidentiality, and applicable legal requirements.

Practical scenario	Expected response
Scenario related to policy governance.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

2. Working Hours & Attendance

Regular attendance helps teams coordinate projects, customer commitments, support coverage, and internal operations. Employees are responsible for recording working time accurately and informing their manager when unexpected circumstances affect availability.

2.1 Standard Working Hours

Employees should follow the schedule assigned to their role and location.

Attendance records must reflect actual working time and must not be altered to conceal lateness or absence.

Managers may approve schedule adjustments when business coverage is maintained.

Employees should notify their manager as soon as reasonably possible when they cannot work as scheduled.

Repeated unexplained attendance issues may be addressed through the disciplinary process.

Practical scenario	Expected response
Scenario related to standard working hours.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

2.2 Attendance Recording

Employees should follow the schedule assigned to their role and location.

Attendance records must reflect actual working time and must not be altered to conceal lateness or absence.

Managers may approve schedule adjustments when business coverage is maintained.

Employees should notify their manager as soon as reasonably possible when they cannot work as scheduled.

Repeated unexplained attendance issues may be addressed through the disciplinary process.

Practical scenario	Expected response
Scenario related to attendance recording.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

2.3 Late Arrival and Early Departure

Employees should follow the schedule assigned to their role and location.

Attendance records must reflect actual working time and must not be altered to conceal lateness or absence.

Managers may approve schedule adjustments when business coverage is maintained.

Employees should notify their manager as soon as reasonably possible when they cannot work as scheduled.

Repeated unexplained attendance issues may be addressed through the disciplinary process.

Practical scenario	Expected response
Scenario related to late arrival and early departure.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.

Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.
-----------	--

2.4 Overtime

Employees should follow the schedule assigned to their role and location.

Attendance records must reflect actual working time and must not be altered to conceal lateness or absence.

Managers may approve schedule adjustments when business coverage is maintained.

Employees should notify their manager as soon as reasonably possible when they cannot work as scheduled.

Repeated unexplained attendance issues may be addressed through the disciplinary process.

Practical scenario	Expected response
Scenario related to overtime.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

2.5 Time-Zone Collaboration

Employees should follow the schedule assigned to their role and location.

Attendance records must reflect actual working time and must not be altered to conceal lateness or absence.

Managers may approve schedule adjustments when business coverage is maintained.

Employees should notify their manager as soon as reasonably possible when they cannot work as scheduled.

Repeated unexplained attendance issues may be addressed through the disciplinary process.

Practical scenario	Expected response
Scenario related to time-zone collaboration.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

3. Leave Policy

Leave is intended to support rest, health, family responsibilities, and personal needs while allowing teams to maintain appropriate operational coverage. Employees should plan leave in advance whenever circumstances allow.

3.1 Annual Leave

Planned leave should normally be requested through the HR system before the leave begins.

Managers consider team coverage, deadlines, and operational needs when approving planned leave.

Emergency or sick leave should be reported as soon as practical.

Employees must not perform work while recorded as fully unavailable unless HR has approved an exception.

Unused leave is handled according to the applicable local policy and law.

Practical scenario	Expected response
Scenario related to annual leave.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

3.2 Sick Leave

Planned leave should normally be requested through the HR system before the leave begins.

Managers consider team coverage, deadlines, and operational needs when approving planned leave.

Emergency or sick leave should be reported as soon as practical.

Employees must not perform work while recorded as fully unavailable unless HR has approved an exception.

Unused leave is handled according to the applicable local policy and law.

Practical scenario	Expected response
Scenario related to sick leave.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

3.3 Family and Personal Leave

Planned leave should normally be requested through the HR system before the leave begins.

Managers consider team coverage, deadlines, and operational needs when approving planned leave.

Emergency or sick leave should be reported as soon as practical.

Employees must not perform work while recorded as fully unavailable unless HR has approved an exception.

Unused leave is handled according to the applicable local policy and law.

Practical scenario	Expected response
Scenario related to family and personal leave.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

3.4 Public Holidays

Planned leave should normally be requested through the HR system before the leave begins.

Managers consider team coverage, deadlines, and operational needs when approving planned leave.

Emergency or sick leave should be reported as soon as practical.

Employees must not perform work while recorded as fully unavailable unless HR has approved an exception.

Unused leave is handled according to the applicable local policy and law.

Practical scenario	Expected response
Scenario related to public holidays.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

3.5 Leave Approval Process

Planned leave should normally be requested through the HR system before the leave begins.

Managers consider team coverage, deadlines, and operational needs when approving planned leave.

Emergency or sick leave should be reported as soon as practical.

Employees must not perform work while recorded as fully unavailable unless HR has approved an exception.

Unused leave is handled according to the applicable local policy and law.

Practical scenario	Expected response
Scenario related to leave approval process.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

4. Work-from-Home Policy

Remote work is a work arrangement rather than a reduction in professional responsibilities. Employees working from home remain subject to the same performance, security, confidentiality, availability, and conduct expectations that apply in company locations.

4.1 Eligibility

Eligibility is governed by the principle that employees should use sound judgment, follow approved processes, and communicate early when circumstances may affect their responsibilities. Northstar Digital Solutions Pvt. Ltd. expects employees to maintain accurate records, protect company and customer interests, and cooperate with reasonable requests from their manager or People Operations. Managers are responsible for applying this guidance consistently within their teams. Where an exception is needed, the employee should obtain approval before taking action unless an emergency makes advance approval impractical. Decisions should consider business continuity, fairness, confidentiality, and applicable legal requirements.

Practical scenario	Expected response
Scenario related to business continuity.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

7. Information Security

Every employee shares responsibility for protecting company systems and information. Security controls are designed to reduce unauthorized access, accidental disclosure, malware exposure, data loss, and disruption to business operations.

7.1 Security Responsibilities

Use only company-approved accounts and systems for company information.

Do not disable endpoint protection, security updates, or required monitoring.

Report suspected phishing, lost devices, accidental disclosures, or unauthorized access promptly.

Access should be limited to the information required for the employee's role.

Confidential documents must not be stored in unapproved personal cloud services.

Practical scenario	Expected response
Scenario related to security responsibilities.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

7.2 Device Security

Use only company-approved accounts and systems for company information.

Do not disable endpoint protection, security updates, or required monitoring.

Report suspected phishing, lost devices, accidental disclosures, or unauthorized access promptly.

Access should be limited to the information required for the employee's role.

Confidential documents must not be stored in unapproved personal cloud services.

Practical scenario	Expected response
Scenario related to device security.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

7.3 Access Control

Use only company-approved accounts and systems for company information.

Do not disable endpoint protection, security updates, or required monitoring.

Report suspected phishing, lost devices, accidental disclosures, or unauthorized access promptly.

Access should be limited to the information required for the employee's role.

Confidential documents must not be stored in unapproved personal cloud services.

Practical scenario	Expected response
Scenario related to access control.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.

Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.
-----------	--

7.4 Incident Reporting

Use only company-approved accounts and systems for company information.

Do not disable endpoint protection, security updates, or required monitoring.

Report suspected phishing, lost devices, accidental disclosures, or unauthorized access promptly.

Access should be limited to the information required for the employee's role.

Confidential documents must not be stored in unapproved personal cloud services.

Practical scenario	Expected response
Scenario related to incident reporting.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

7.5 Clean Desk and Clear Screen

Use only company-approved accounts and systems for company information.

Do not disable endpoint protection, security updates, or required monitoring.

Report suspected phishing, lost devices, accidental disclosures, or unauthorized access promptly.

Access should be limited to the information required for the employee's role.

Confidential documents must not be stored in unapproved personal cloud services.

Practical scenario	Expected response
Scenario related to clean desk and clear screen.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

8. Password Policy

Passwords and authentication credentials are individual security controls and must never be shared with colleagues, vendors, friends, or family members. Strong authentication reduces the risk of unauthorized access to company resources.

8.1 Password Requirements

Use unique passwords for company systems.

Do not reuse a company password on personal websites.

Enable multi-factor authentication where provided.

Never send passwords through ordinary email or chat.

Use the approved password manager when storing work credentials.

Practical scenario	Expected response
Scenario related to password requirements.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

8.2 Multi-Factor Authentication

Use unique passwords for company systems.

Do not reuse a company password on personal websites.

Enable multi-factor authentication where provided.

Never send passwords through ordinary email or chat.

Use the approved password manager when storing work credentials.

Practical scenario	Expected response
Scenario related to multi-factor authentication.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

8.3 Password Managers

Use unique passwords for company systems.

Do not reuse a company password on personal websites.

Enable multi-factor authentication where provided.

Never send passwords through ordinary email or chat.

Use the approved password manager when storing work credentials.

Practical scenario	Expected response
Scenario related to password managers.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.

Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.
-----------	--

8.4 Credential Sharing

Use unique passwords for company systems.

Do not reuse a company password on personal websites.

Enable multi-factor authentication where provided.

Never send passwords through ordinary email or chat.

Use the approved password manager when storing work credentials.

Practical scenario	Expected response
Scenario related to credential sharing.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

8.5 Account Recovery

Use unique passwords for company systems.

Do not reuse a company password on personal websites.

Enable multi-factor authentication where provided.

Never send passwords through ordinary email or chat.

Use the approved password manager when storing work credentials.

Practical scenario	Expected response
Scenario related to account recovery.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

9. Data Privacy

The company handles personal information only for legitimate business purposes and expects employees to use personal data carefully. Access to personal information must be limited to authorized users with a valid business need.

9.1 Personal Data

Collect only the personal data necessary for a legitimate purpose.

Do not export personal data to personal devices without authorization.

Verify recipients before sending files containing personal information.

Follow approved retention and deletion requirements.

Report suspected privacy incidents immediately.

Practical scenario	Expected response
Scenario related to personal data.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

9.2 Collection and Use

Collect only the personal data necessary for a legitimate purpose.

Do not export personal data to personal devices without authorization.

Verify recipients before sending files containing personal information.

Follow approved retention and deletion requirements.

Report suspected privacy incidents immediately.

Practical scenario	Expected response
Scenario related to collection and use.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

9.3 Data Retention

Collect only the personal data necessary for a legitimate purpose.

Do not export personal data to personal devices without authorization.

Verify recipients before sending files containing personal information.

Follow approved retention and deletion requirements.

Report suspected privacy incidents immediately.

Practical scenario	Expected response
Scenario related to data retention.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.

Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.
-----------	--

9.4 Data Subject Requests

Collect only the personal data necessary for a legitimate purpose.

Do not export personal data to personal devices without authorization.

Verify recipients before sending files containing personal information.

Follow approved retention and deletion requirements.

Report suspected privacy incidents immediately.

Practical scenario	Expected response
Scenario related to data subject requests.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

9.5 Privacy Incidents

Collect only the personal data necessary for a legitimate purpose.

Do not export personal data to personal devices without authorization.

Verify recipients before sending files containing personal information.

Follow approved retention and deletion requirements.

Report suspected privacy incidents immediately.

Practical scenario	Expected response
Scenario related to privacy incidents.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

10. Social Media Policy

Employees may use social media in their personal capacity, but they must not disclose confidential company information or imply that personal opinions are official company statements unless expressly authorized.

10.1 Personal Accounts

Personal Accounts is governed by the principle that employees should use sound judgment, follow approved processes, and communicate early when circumstances may affect their responsibilities. Northstar Digital Solutions Pvt. Ltd. expects employees to maintain accurate records, protect company and customer interests, and cooperate with reasonable requests from their manager or People Operations. Managers are responsible for applying this guidance consistently within their teams. Where an exception is needed, the employee should obtain approval before taking action unless an emergency makes advance approval impractical. Decisions should consider business continuity, fairness, confidentiality, and applicable legal requirements.

Decisions should consider business continuity, fairness, confidentiality, and applicable legal requirements.

Practical scenario	Expected response
Scenario related to content removal.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

11. Expense & Reimbursement

The company reimburses reasonable and necessary business expenses that are incurred for legitimate work purposes and comply with applicable approval requirements. Employees are responsible for timely, accurate expense submissions.

11.1 Eligible Expenses

Business expenses must be reasonable, necessary, and connected to company work.

Required approvals should be obtained before significant or unusual spending.

Original or digital receipts should be retained as required by the expense process.

Expense reports should normally be submitted within 30 calendar days.

Personal expenses are not reimbursable unless specifically allowed by policy.

Practical scenario	Expected response
Scenario related to eligible expenses.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

11.2 Approval Requirements

Business expenses must be reasonable, necessary, and connected to company work.

Required approvals should be obtained before significant or unusual spending.

Original or digital receipts should be retained as required by the expense process.

Expense reports should normally be submitted within 30 calendar days.

Personal expenses are not reimbursable unless specifically allowed by policy.

Practical scenario	Expected response
Scenario related to approval requirements.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

11.3 Receipts

Business expenses must be reasonable, necessary, and connected to company work.

Required approvals should be obtained before significant or unusual spending.

Original or digital receipts should be retained as required by the expense process.

Expense reports should normally be submitted within 30 calendar days.

Personal expenses are not reimbursable unless specifically allowed by policy.

Practical scenario	Expected response
Scenario related to receipts.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.

Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

Practical scenario	Expected response
Scenario related to documentation.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

13. Promotion Policy

Promotions recognize sustained performance, demonstrated capability, increased scope, business need, and readiness for the expectations of the next level. Length of service alone does not guarantee promotion.

13.1 Eligibility

Promotion recommendations should be supported by documented evidence.

The employee should demonstrate capability at or near the expected next-level scope.

Business need and available organizational structure are considered.

Managers should discuss development gaps before a promotion cycle where possible.

Promotion outcomes should be communicated respectfully and consistently.

Practical scenario	Expected response
Scenario related to eligibility.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

13.2 Promotion Criteria

Promotion recommendations should be supported by documented evidence.

The employee should demonstrate capability at or near the expected next-level scope.

Business need and available organizational structure are considered.

Managers should discuss development gaps before a promotion cycle where possible.

Promotion outcomes should be communicated respectfully and consistently.

Practical scenario	Expected response
Scenario related to promotion criteria.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

13.3 Career Development

Promotion recommendations should be supported by documented evidence.

The employee should demonstrate capability at or near the expected next-level scope.

Business need and available organizational structure are considered.

Managers should discuss development gaps before a promotion cycle where possible.

Promotion outcomes should be communicated respectfully and consistently.

Practical scenario	Expected response
Scenario related to career development.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

13.4 Internal Applications

Promotion recommendations should be supported by documented evidence.

The employee should demonstrate capability at or near the expected next-level scope.

Business need and available organizational structure are considered.

Managers should discuss development gaps before a promotion cycle where possible.

Promotion outcomes should be communicated respectfully and consistently.

Practical scenario	Expected response
Scenario related to internal applications.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

13.5 Promotion Decisions

Promotion recommendations should be supported by documented evidence.

The employee should demonstrate capability at or near the expected next-level scope.

Business need and available organizational structure are considered.

Managers should discuss development gaps before a promotion cycle where possible.

Promotion outcomes should be communicated respectfully and consistently.

Practical scenario	Expected response
Scenario related to promotion decisions.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

14. Disciplinary Actions

Corrective action is intended to address policy violations fairly and consistently. Depending on the facts and severity of an issue, actions may include coaching, written warnings, restricted access, suspension, or termination.

14.1 Policy Violations

Policy Violations is governed by the principle that employees should use sound judgment, follow approved processes, and communicate early when circumstances may affect their responsibilities. Northstar Digital Solutions Pvt. Ltd. expects employees to maintain accurate records, protect company and customer interests, and cooperate with reasonable requests from their manager or People Operations. Managers are responsible for applying this guidance consistently within their teams. Where an exception is needed, the employee should obtain approval before taking action unless an emergency makes advance approval impractical. Decisions should consider business continuity, fairness, confidentiality, and applicable legal requirements.

Practical scenario	Expected response
Scenario related to serious misconduct.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

15. Resignation & Notice Period

Employees who decide to leave the company should provide written notice through the established process. During the notice period, employees are expected to support an orderly transition, complete assigned work, and return company property.

15.1 Resignation Process

Resignations should be submitted in writing to the manager and HR.

The applicable notice period is determined by the employment agreement and local requirements.

Managers may create a handover plan covering projects, credentials, files, contacts, and outstanding decisions.

Company equipment and access credentials must be returned or disabled as instructed.

Final settlement follows applicable payroll and legal procedures.

Practical scenario	Expected response
Scenario related to resignation process.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

15.2 Notice Period

Resignations should be submitted in writing to the manager and HR.

The applicable notice period is determined by the employment agreement and local requirements.

Managers may create a handover plan covering projects, credentials, files, contacts, and outstanding decisions.

Company equipment and access credentials must be returned or disabled as instructed.

Final settlement follows applicable payroll and legal procedures.

Practical scenario	Expected response
Scenario related to notice period.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

15.3 Handover

Resignations should be submitted in writing to the manager and HR.

The applicable notice period is determined by the employment agreement and local requirements.

Managers may create a handover plan covering projects, credentials, files, contacts, and outstanding decisions.

Company equipment and access credentials must be returned or disabled as instructed.

Final settlement follows applicable payroll and legal procedures.

Practical scenario	Expected response
Scenario related to handover.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.

Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.
-----------	--

15.4 Final Settlement

Resignations should be submitted in writing to the manager and HR.

The applicable notice period is determined by the employment agreement and local requirements.

Managers may create a handover plan covering projects, credentials, files, contacts, and outstanding decisions.

Company equipment and access credentials must be returned or disabled as instructed.

Final settlement follows applicable payroll and legal procedures.

Practical scenario	Expected response
Scenario related to final settlement.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

15.5 Exit Interview

Resignations should be submitted in writing to the manager and HR.

The applicable notice period is determined by the employment agreement and local requirements.

Managers may create a handover plan covering projects, credentials, files, contacts, and outstanding decisions.

Company equipment and access credentials must be returned or disabled as instructed.

Final settlement follows applicable payroll and legal procedures.

Practical scenario	Expected response
Scenario related to exit interview.	Follow the approved process, document the relevant facts, notify the appropriate manager or support team, and avoid making commitments outside your authority.
Exception	If an urgent safety, security, privacy, or business-continuity concern exists, escalate immediately and document the action taken.

16. Frequently Asked Questions

This section provides practical answers to common employee questions. Where an FAQ conflicts with a formal policy or applicable law, the formal policy and applicable legal requirements take precedence.

Appendix A — Quick Reference

How do I request leave?

Submit the request through the designated HR system and wait for the required approval unless the absence is an emergency.

Can I work from home every day?

Only if your role and manager-approved work arrangement permit it. Remote eligibility can depend on role requirements, customer commitments, security controls, and team coverage.

What should I do if I lose my company laptop?

Report the loss immediately to the IT/security contact and your manager. Do not wait until the next business day if sensitive information may be at risk.

Can I share my password with IT?

No. Authorized support teams should use approved account-recovery procedures rather than asking for your password.

When should I submit an expense?

Normally within 30 calendar days, with the required receipt and business purpose, unless a local rule states a different deadline.

How are promotions decided?

They consider sustained performance, demonstrated next-level capability, scope, business needs, and organizational structure.

What happens after I resign?

You will receive instructions for notice-period activities, handover, equipment return, access closure, and final settlement.

Who should I contact about a policy question?

Start with your manager or People Operations. Security, privacy, payroll, or other specialist questions should be routed to the designated support function.

Appendix B — Policy Glossary

Business Need

A legitimate work-related reason for accessing information, systems, funds, or resources.

Confidential Information

Non-public information that could harm the company, customers, employees, or partners if improperly disclosed.

Manager

The person formally responsible for an employee's work direction, performance, and team coordination.

Personal Data

Information relating to an identified or identifiable individual.

Remote Work

Performing approved company work outside a designated company office.

Security Incident

An event that may compromise confidentiality, integrity, or availability of company information or systems.

Working Day

A day treated as a normal business day under the applicable employee schedule and local calendar.
